

The Kidco Community Centre at St. Dominic in northeast Edmonton is located inside St. Dominic Catholic Elementary School. We offer full-time programs for children attending kindergarten to grade 6 with capacity for 22 children.

St. Dominic is a licensed and accredited centre with high quality child care that embraces the individuality and diversity of each child and family in a safe and nurturing environment. Our learning through play approach is filled with creative activities to help minds, bodies, emotions and social skills develop. Our Educators are trained to program and facilitate activities based on the children's interests and events happening in the world that surrounds them. They are experts in their field, trained in early childhood education as well as safety standards, first-aid and CPR. **Here at Kidco@ St Dominic** we serve tasty and healthy morning and afternoon snack. Our monthly snack menu is created by a nutritionist and approved by the kids in our classroom. Our Centre is open all year round. We have a full summer program, and we are also open all PD days and spring break. Something is great about our centre is that we are right inside the school. Transportation to school and from school is all done inside safe and warm. We love being in a school and having the St Dominic's community around us.

Please let me know if you would like to set up a tour.

We would love to have you join our program
